FAMILY EDUCATION WORKSHOP

It's So Much Work to Be Your Friend

Does your child have difficulty making friends and maintaining friendships? Does your child feel isolated from his or her peers? Does she/he feel ignored by schoolmates?

This workshop includes a PBS® DVD by David LaVoie and a facilitated discussion on these topics. In the program, we explore the causes and consequences of “social incompetence” for some children and provide some strategies for teaching friendship and social skills in the classroom, at home, and in the community.

Who should attend?

Caregivers of school-age children
