

**MENTAL HEALTH ASSOCIATION**  
*FIND WELLNESS.*

## **FAMILY EDUCATION**

### ***Active Parenting of Teens***

Let's talk about being an authoritative (active) parent rather than a dictator or a doormat. Learn the importance of choice and respect when working with today's adolescents.

You are invited to join us for a discussion about active parenting focused on preteens and teens. We will also address the special problems of drugs, sexuality, and violence.

#### **Who should attend?**

#### **Caregivers of preteens and teens**

***Workshops are free!***
